

REPORT

ON THE

Administration

OF THE

JAISALMER STATE

FOR THE YEAR

1933-34.

His Highness Maharajadhiraj Shri Maharawalji
SIR JAWAHIR SINGHJI SAHIB BAHADUR, K. C. S. I.,
OF JAISALMER.

Dated, Jaisalmer, the 15th April 1935

May it please Your Highness,

I beg most respectfully to submit the Annual Administration Report of Your Highness' State, for the year ending the 31st October, 1934.

I beg to remain,

Your Highness' most obedient and able servant,

N. K. Mehta,

As, Deesa, Jaisalmer State

Report on the Administration of Jaisalmer State

for the year 1933-34.

CHAPTER I.

1. The State of Jaisalmer covers an area of 16,062 square miles. Its population according to the last census of 1931, is 76,255, and its gross revenue, based on the average of the last five years, is Rs 26,367 Akheshahi and Rs 3,66,136 Kaldar. It has not to pay any tribute to the Imperial Government and it may be added that it has never done so either to any foreign or internal power.

2. The Rulers of Jaisalmer are descended from the ancient Yadu kings of the Lunar race. The most illustrious Ruler of the line was the deified hero, Shri Krishna who ruled at Dwarka and who was one of the greatest rulers, statesmen, generals, thinkers and philosophers that world has ever seen. One of the most venerable and prized heir-looms of the House of Jaisalmer is the 'Meghadambar' (an umbrella which, according to tradition, Shri Krishna used on occasions of State) and which is being similarly used up to the present day, by his lineal successors. The Ruler of Jaisalmer is hence styled " CHHATRALA YADAVA PATI," the canopied Lord of Yadavas. The eight-metalled umbrella which surmounts Jaisalmer Fort Palace towering high above the venerable walls of the historic hill fort, is emblematic of the Meghadambar, and is indicative of the proud position which the House of Jaisalmer occupies as the Head of the Lunar race and its off-shoots.

3. The valour which the Bhati Princes of old displayed in repelling the successive waves of Mohamedan invasions earned for them and their descendants, the proud title of " UTTAR BHAR KINWAR BHATI " that is, Bhaties the mighty portals of the north (of India).

4. Jaisalmer is connected by marriage with Udaipur, Jodhpur, Bundi, Bikaner, Kotah, Kishengarh, Sirohi, Dhrangadra and Narsingarh.

5. His Highness Maharajadhiraj Sri Maharawalji Sir Jawahir Singhji Sahab Bahadur, K. C. S. I., the present ruler, succeeded to the Gadi in 1914. Her Highness Hadiji Sri Kalyan Kanwariji Sahiba is the senior Maharaniji and the Junior Maharaniji is Her Highness Sri Sodhiji Sahiba, the other Junior Maharaniji Sri Umerkotji Sahiba having died on the morning of the 29th January 1934. His Highness' heir-apparent Maharaj Kumar Sri Girdhar Singhji Sahab by Maharaniji Sri Sodhiji Sahiba, has completed his 27th year. His Highness' second son Maharaj Kumar Sri Hukam Singhji Sahab, by Maharaniji Sri Hadiji Sahaba, was born on the 14th of February 1927. His Highness has a grand-son Bhanwar Sri Raghunath Singhji Bahadur born on the 28th November 1929.

6. The nearest relatives of the Ruling Family are called Rajvis and their names are given below:—

- (a) Thakuran Raj Sri Gopal Singhji Sahib and Thakuran Raj Sri Narayan Singhji Sahib representing respectively the senior and junior branches of Dudhu. The latter has a son Kanwar Madho Singhji.
- (b) Thakuran Raj Sri Sultan Singhji Sahib of Nachma and his son Kanwar Govardhan Singhji.
- (c) Thakuran Raj Sri Narayan Singhji of Lakhmana, adopted son of late Thakuran Raj Sri Shivdan Singhji Sahib.

7. Those relatives who, owing to their lineage or to their adoption, are comparatively remote in relationship, are called Rawlots. The Thikanas are as under:—

Tota, Sato, Bhadria, Loharki, Uwai, Ola, Kanod and Pithal.

H. H's Tour.

8. His Highness accompanied by his Dewan toured through several of the Hakimats during the year under review.

Visit of the Resident W. R. S.

9. Mr. A. C. Lothian, C.I.E., I.C.S., Resident, Western Rajputana States, postponed his visit to Jaisalmer under medical advice.

Change in the Administrative Machinery and personnel.

10. Rai Sahib Pandit Junnalal, Dewan Jaisalmer State resigned and was relieved on 17-5-1934 and Mr. Nand Kishore Mehta, B. A., L-L. B., was appointed offg. Dewan with effect from 18-5-1934.

CHAPTER II.

Administration of Land.

11. Land revenue is, as a rule, taken in kind. The system of payment in kind instead of in cash, is better suited to the existing local conditions and affords automatic relief to cultivators in years of deficient rain-fall.

12. The rate of assessment—sixth of the out-turn of Kharif and fifth of that of Rabi—are low and the ryots find no difficulty in paying the State dues.

13. Actual out-turn of the Rabi and Kharif crops was 2 and 8 annas in the rupee as estimated last year.

14. The estimate for the next financial year is 2 and 10 annas in the rupee for the Rabi and Kharif crops respectively.

CHAPTER III.

Protection and Legislation

15. The Laws in Jaisalmer are not codified. Local usages and customary laws are generally followed and in cases wherein they do not differ from the laws in force in British India, due regard is paid to the principles of the latter.

16. As the military are often required to do the duties of the Police and the Police of the military, and as they have also to perform other civil duties when necessary, it is hardly practicable to draw a distinct line of demarcation between the two, and no attempt has, therefore, been made to fill in Appendices III and IV.

17. The State Troops in the town guard the Record, Treasury, the Darbar Palaces and Bhandars, the Jail, Citadel gates etc., and they also perform Police and other civil duties. In the Hakumats also they do combined duties. Both the Military and police are armed with swords and smooth bore guns.

18. The total strength of the State troops (Police and Military) was 480 against 474 in the preceding year. Such of the men as were utilized for dacoity suppression formed a separate Mehkma called 'Gerai'. The rest worked in different Hakumats. The cost, therefore, has been distributed under the heads 'Military and Hakumats'.

19. A reference to Appendix VII will show that comparatively such petty offences as hurt, mischief and criminal trespass accounted for 160 out of 267 offences reported to have been committed during the year under report. There were 23 cases of misappropriation of property 44 of thefts—mostly cattle-lifting—3 of robbery and none of dacoity. The value of property stolen (such reports are often exaggerated) and of recoveries made, amounted to Rs 2,656 and Rs 938 respectively as against Rs 1,916 and Rs 1091 last year.

20. The number of criminal courts in the State is given below:

Criminal Justice

Courts.								No.
Hakumat Courts	17
Sadar Adalat...	1
Mehkma Khas	1
Total								19

Criminal Courts

21. The Hakims in the District or Hakumat Courts commit cases beyond their powers to the Sadar Adalat and the latter likewise to the Mehkma Khas.

22. The number of criminal cases filed during the year was 267 which, with 358 cases pending from last year, numbered 625 cases against 707 cases in the preceding year. The number of cases disposed of was 297 against 349 in the previous year and the closing balance was 328 cases.

23. The number of persons involved in these cases was 743. The number of persons remaining to be tried at the close of the year was 285.

Appellate Courts. 24. Appeals from the Hakumat Courts lie to the Sadar Adalat and from the latter to the Mehkma Khas.

Appeals in Criminal Cases. 25. 35 appeals in criminal cases were preferred during the year viz. 30 in Mehkma Khas and 5 in Sadar Adalat.

26. 29 appeals were disposed of by the Mehkma Khas and 3 by Sadar Adalat.

27. The number of appeals pending at the close of the year in Mehkma Khas and Sadar Adalat was 1 and 2 respectively as against 2 and 3 in the preceding year.

28. Out of 29 appeals decided by the Mehkma Khas, the order of the Lower Court was confirmed in 15, modified in 6, proceedings quashed in 6 cases. and in 2 cases further enquiry was ordered to be made.

29. Out of 3 cases disposed of by the Sadar Adalat, the decisions of the Lower Courts were confirmed in 2, and modified in 1 case.

Civil Justice 30. There are in all 19 Civil Courts in the State as detailed below;

Courts.	No.
District or Hakumat Courts...	17
Sadar Adalat ...	1
Mehkma Khas ...	1
Total ...	19

31. Appeals from the Hakumat Courts lie to the Sadar Adalat which also hears original cases upto any value and those from the latter court to the Mehkma Khas which is thus the highest judicial tribunal in the State and exercises full powers of revision and control over all the subordinate Courts.

Original Civil Suits. 32. The total number of civil suits that came up for disposal by the various tribunals of the State was 549 against 545 last year and the number disposed of was 214 against 254 in the preceding year.

33. Out of 258 cases filed during the year, 248 pertained to money transactions, 6 to landed property and the remaining 4 to other rights.

34. The average duration of each contested suit in the Sadar Adalat was 18 months against 10 months in the preceding year while that in the Hakumats was 14 months against 19 months last year.

Applications for execution of Decrees. 35. The number of fresh applications for execution of decrees which were brought on to the register during the year under report was 114 which, with a balance of 310, gave a total of 424 against 385 last year. Out of these, 88 were executed against 75 in the preceding year thus leaving a balance of 336 applications at the close of the year.

Appeals in Civil Suits. 36. The total number of appeals in civil suits in the Mehkma Khas (including those pending from the previous year) was 29 against

28; the number disposed of was 24 against 18 and the closing balance was 5 against 10 in the previous year.

37. The total number of appeals in the Sadar Adalat was 10, out of which 8 against 7 last year were disposed of leaving a balance of 2 against 5 in the previous year. The orders of the lower courts were confirmed in 1, reversed in 1, amended in 5 cases and one case was compromised in the Sadar Adalat Court.

38. The average duration of each case in appeal was 2 months and 12 days and 6 months and 8 days in the Mehkma Khas and Sadar Adalat respectively.

39. The State has an Extradition Treaty with the British Government and an understanding on the subject with Marwar and Bikaner.

Extradition.

40. During the year under report no person was made over to this State for trial by the British Government. No person was extradited by Bikaner for trial in this State nor by this State to Bikaner. No person was extradited to Marwar by this State where-as one was surrendered for trial in this State.

41. There is one Jail at the Capital and there are 16 Lock-ups at the head quarters of the Hakumats,

Jail

42. There are separate quarters for male and female prisoners in the Central Jail. It was under the supervision of the Supdt., Sadar Adalat and the sanitary arrangements were looked after by the Medical Officer, in charge of the Darbar Hospital. The conduct of the prisoners was generally good and the sanitary arrangements were satisfactory.

43. On the date of the commencement of the year, the number of prisoners was 35 which, with 30 fresh admissions during the course of the year made a total of 65 inmates. The average daily strength was 29 against 24 last year.

44. 33 prisoners were discharged on the expiry of their sentences, none was released on the occasion of the birthday anniversary of His Highness the Maharawal Sahib Bahadur as it did not fall during the current year and none died in Jail.

45. The total expenditure incurred under the head 'Jail' was Rs 2075/- against Rs 1,963 in the preceding year.

46. The average period of the accused under trial was 11.45 days against 16.23 last year.

47. Registration is not compulsory in Jaisalmer except on sales of immoveable property. During the year, 23 documents were registered against 6 in the preceding year.

Registration.

48. There are no Municipal Committees or corporations in the State. The sanitary arrangements are looked after by local officials.

Sanitary
arrangement

49. There was sufficient supply of water in Gadsisar and in the wells in the villas adjoining it. Suitable arrangements were made to see that drinking water was not contaminated.

CHAPTER IV.

Precarious
character of
seasonal rains on
which depends
local yield

50. No perennial streams run in Jaisalmer, and wells, as a rule are too deep to be utilised for irrigational purposes. The yield, therefore, depends entirely upon seasonal rains i. e., on a factor which is beyond administrative control, which is freakish in its character and erratic in its course, which remains an uncertain, and unknown and an unknowable quantity almost to the end of the financial year, and which not infrequently, rudely upsets such calculations as might have been based on an assumption of its reliability. Deficiency of rains is almost a normal condition and its failure implies simply a difference in degree. The habits, the pursuits, the avocations, the customs, the tradition and the breeding of the bulk of the people are such as may be calculated to obviate the possibility of deficiency or failure of rains resulting in any general or widespread distress.

Recuperative power
and adjustment to
surroundings.

51. The recuperative power of the State and its people, that have lived from centuries past, and under such abnormal conditions is enormous. One is seldom likely to find such an economic, physical, moral and mental adjustment to the surroundings as is to be seen in Jaisalmer. This adjustment is the result of the long-standing struggle against Nature, in which man has come out top. It testifies to the success with which he can adapt himself to his surroundings. It acts as a palliative and modifies, almost nullifies, the effects of deficiency or failure of rains, which in other parts, where the popular life is not so well adjusted and the popular mind not so well attuned, would result in serious and widespread distress.

Economic
Adjustment.

52. Local production is, because of the precarious character of the monsoon and absence of other irrigational means, never a dependable quantity and even in the best of years it meets only a fraction of local demand.

Local demand and
how it is met.

53. The markets which supply more than $\frac{3}{4}$ th of the local demand are those of the Punjab and Sind; for, local production, even in fairly good years, seldom exceeds 1,00,000 maunds. The average for the past ten years works out at 1,03,788 maunds. The deficiency is made by the stock in hand and by imports.

Factors which go
to determine the
prices of
food-grains.

54. The prices of food-grains vary, as a rule, with those obtaining in the aforesaid markets. The other factors which affect the prices are the sufficiency or otherwise of local rains, the consequent increase or decrease in local production, and the enhancement in good years, owing to larger influx, or reduction in bad year, through greater exodus, in the local demand.

55. The bulk of the people depends for its subsistence on the rearing of cattle. There are tribes who live throughout the year in the open and who could go, even without water, for days together. Their life is simple, and their wants are few. Their luxuries are confined to a quid of tobacco, occasional pulls from the ubiquitous Hukka and a friendly and fraternizing exchange of opium. A song or a dance, to the accompaniment of a drum or a flute, constitutes the height of their enjoyment. They are rude, they are rough and ready; but they are hospitable. They are kind at heart and one, who has had occasion to live with them, feels that their mode of life is not altogether without its amenities.

Mode of life,
habits, pursuits,
physical and men-
tal adjustments.

56. The wealth of the people, in general, who live a semi-nomadic life, and move about with their cattle from place to place consists of sheep, goats, camels and milch cattle. Besides, therefore, the natural forces of birth and death, migration is the principal factor, which more than anything else, contributes to the growth or the diminution of population, and the gain by influx or the loss by exodus varies with the sufficiency or otherwise of seasonal rains. Scarcity or famine (terms which could not have the same significance here as is attached to them in more favoured parts) is hardly a factor which might be calculated to accelerate death and thereby cause a permanent reduction in the population of the State. A large portion of the people, at the first signs of the failure of rains, emigrates with their live-stock and herds of cattle, to the adjoining provinces of Sind, and to Bahawalpur, where they can find pasturage for their animals and where a great demand for labour exists. The migration, on a smaller or large scale according to the rains have been good or bad, is, in fact, almost an annual event. Even in comparatively good years, as soon as the rains are over and the harvests gathered in, a portion of the people emigrates mostly to Sind and Bahawalpur, to supplement their earnings. They however, return to their homes in Jaisalmer with money in their pockets and with, in several instances, increase in the members of their family due to births, when the rainy season asserts itself. It is a reciprocal arrangement with the adjoining portions of Sind and Bahawalpur, for, the pastoral tribes of those place live partly there and pass a portion of the year in the Jaisalmer. Migration, therefore, is a necessary condition of life. It serves an economic purpose. In years of deficient rainfall it reduces the local demand and thereby eases down prices. In years of failure of rains, it reduces the possibility of starvation to a minimum. It gives greater staying power. It supplements local earnings. It saves cattle, which as said above, constitutes the wealth of the people in general. It is one of the most important factors which act as pullatives and which go to adjust local life to local conditions.

Migration

57. The administrative and the financial year of the State commences on the 1st November and ends on the 31st October, and as the Kharif harvest is usually gathered in by the end of November and Rabi sowings commence, as a rule, in that month, the out-turn of any

Harvest and
yield

given year depends on the rainfall of the preceding year.

Rains during 1932-33 on which depended the yield of the year under review.

58. Seasonal rains in 1932-33 on which depended the out-turn of the year under report were better than last year, the average of the State being 8.51 inches against 5.23 inches.

The Rains during the year under review and estimates of next year's yield.

59. The rainfall during the year under review was less than last year. The average of the State worked out at 4.49 inches against 8.51 inches last year. The Rabi and Kharif yields for the next financial year are estimated at 2 annas and 10 annas in the rupee respectively.

Approximate yield in maunds.

60. The approximate yield of cereals was greater by 6,600 mds. as compared with the preceding year (1,16,600 maunds against 1,10,000 maunds last year.)

Prices of food-grains during the year.

61. The import of cereals was less than that of the preceding year by 49,391 maunds. The prices of staple articles of food viz. wheat, Bajri and Jawar— did not show much variation during the year.

Traffic Import.

62. The total of import showed a decrease of 45,507 maunds as compared with similar figures of last year (1,34,492 maunds as against 1,79,999 maunds last year). The decrease was mainly due to less imports of Corn, Opium and Cotton.

63. The number of animals imported was, as compared with last year, greater by 157 heads (925 heads as against 768 heads last year).

64. A reference to Appendix XXVII will show that there was a decrease of 49,391 maunds under head import of Corn, 22 maunds under Opium and 93 maunds under Cotton.

65. The principal items of export are ghee, wool, hides, stones, clay, grinding mills, goat hair carpets, camels, bullocks, sheep and goats. As compared with the preceding year and the average of the past 20 years, the export of articles this year showed increase of 1,605 and 8,386 maunds respectively. The increase was mainly attributable to greater exports of 7,045 maunds of corn and 586 maunds of ghee.

66. The export of animals as compared with the preceding year and the average of the past 20 years also showed an increase of 2,027 and decrease of 10,089 heads respectively.

67. Taking into consideration the need for the present economic conditions necessitating facility in trade, the Darbar were pleased to abolish Transit Duty with effect from the 15th of August 1932.

68. The total of import and export traffic showed a decrease of 43,902 and 23,122 maunds respectively as compared with the similar figures of the last year and the average of the past 20 years. The total traffic of import and export of animals also showed an increase of 2,184 and decrease of 11,040 heads respectively as compared with the figures of the preceding year and the average of the last 20 years.

69. The approximate value of import and export trade was Rs 12,92,165 and 12,20,766 respectively. Approximate value of imports and exports

70. Similar figures for the last year were Rs 13,41,642 and Rs 11,92,547 respectively. Thus the value of import and export trade as compared with the preceding year was less by Rs 49,477 and greater by Rs. 28,219 respectively. The value of import exceeded that of export by Rs. 71,399.

71. The balance of trade at the close of the year under report was again, owing to larger imports, against Jaisalmer.

72. Jaisalmer depends largely for most of the necessities of life on import from outside. The bulk of the trade is with the Punjab and Sind via Daharki and to some extent, with the United Provinces. It is generally via Daharki that necessities of life are imported into the State. Trade Routes.

73. The traffic with Marwar, Bikaner and some other parts of Rajputana such as Beawar etc. and with Gujrat and Bombay, is generally via Barmer and Phalodi.

74. Pack camels are obtainable on hire in fairly large numbers at Daharki; but they do not, as a rule, ply from the middle of April to the middle or end of July on account of excessive heat. They commence plying from August; but the traffic during the monsoon—August to October—via Daharki is comparatively small. It is brisk during the cold season i.e. in November, December, January and February and to a certain extent, in March. Variation in the value of traffic at different seasons

75. The traffic via Barmer and Phalodi is, on the other hand, brisk during the hot season—April to July i.e. during its partial suspension with the Punjab and Sind via Daharki. Traffic via Barmer and Phalodi

76. The transport of goods from Daharki to here, by road, takes about 15 to 20 days and nearly the same time is spent in ordering or arranging with the agents and transport by rail. So it takes about 5 to 6 weeks before the goods can reach here and their distribution in various parganas also takes time, for, the State covers more than 16,000 square miles and the population, though sparse, is spread over that vast area. It will thus be seen how essential it always is to have a sufficient stock in hand of the necessities of life. Time taken up in transport distribution, etc., of goods by rail and road via Daharki

77. The goods that come via Barmer and Phalodi (in Marwar) take less time in transport by road as these stations are comparatively nearer than Daharki. Time taken via Barmer and Phalodi

78. The following statement will show, at a glance, the principal articles of import and export and the quantities in which and the places from and to which they were imported and exported during the year under report:—

Statement showing the principal articles of Import and Export and quantities in which and the places from and to which they were imported and exported during the year 1933-34.

N. K. Mehta.
Ag. Dewan, Jaisalmer State.

79. From what has been said above it will be seen that cessation any time of continuous and normal flow of traffic would, for Jaisalmer, mean economic strangulation and would, if prolonged, jeopardise the very existence of the State.

80. The principal trade routes are shown in the map enclosed herewith and the rates of tariff are given in Appendix XXVI. Principal Routes.

81. The capital is situated almost in the centre of the State. The principal trade route from here to Khanpur in Bahawalpur State is via Mohangarh, Naclua and via Dewa and Buili. There is also a direct track to Bahawalpur from Bap via Nokli, but it is not used now for transport of goods. Route from here to Khairpur in Bahawalpur State

82. The routes to Daharki from the Capital are via Ramgarh and Tanot via Khuiala. Here is also a direct track to Khairpur via Ghotoru and Shahgarh, but it is not much used at present for transport of goods. Routes to Daharki.

83. There is a route via Khablia and Mayajlar which leads to Gadro and chhor in Thar Parkar District (Sind). Route to Thar Parkar in Sind.

84. The route via Lakhan leads to Ramsar and Ghaghria stations on Jodhpur Railway between Barmer and Gadra. Route to Ramsar and Ghaghria

85. The route to Barmer goes via Devikot and Binjorai, and that to Phalodi via Bap and Pokaran and that to Bikaner via Bap and Nokli. Routes to Marwar and Bikaner.

86. The total quantity of goods imported from Sind, and the Punjab via Daharki and Khanpur was 75,324 maunds, that from Thar Parkar 4,169 maunds, that from Bikaner 5,050 maunds and that from and via Marwar 49,949 maunds. Imports from Sind, the Punjab, Marwar, Thar Parkar and Bikaner

87. The exports via Daharki were 7,347 maunds, via Marwar 27,727 maunds, to Thar Parkar 205 maunds and to Bikaner 3,414 mds. Export to Sind, the Punjab, Thar Parkar, Marwar and Bikaner.

88. There is very little of industrial enterprise in the State. The use of Machinery is unknown. Among the chief manufactures of the State may be noted country cloth, woollen blankets, which very much resemble English home-spuns, camel-hair carpets, rugs and goat hair bags—all woven by hand looms. Camel-saddles and mill-stones are also manufactured and exported. The stone work turned out here is unique in design and beautiful to look at, but the prices charged are, owing to lack of competition, very heavy and so very little of it is exported. Industrial Enterprise

89. The State maintains reserve of grass in Nagar Kantha, Dewa and Khuba Hakumats. As regards storage of grass by the State, the balance as stated in the last year's report was 20,732 maunds to which 6,366 maunds were added during the year under review. The total quantity in hand was thus 27,098 maunds. After deducting 5,885 Semi-grass reserves

maunds consumed during the year, the balance at the close of the year was 21,213 maunds.

Pasturage and
condition of
agricultural stock.

90. There are extensive grazing grounds in Jaisalmer State. The condition of agricultural stock was good throughout the year.

Migration.

91. As regards the necessity for periodic migration and the purpose they serve, a reference is invited to paragraph 56 above. There was no abnormal immigration or emigration during the year under report.

Public Works
Department.

92. The total expenditure under the Public Works Department was Rs 15,364 against Rs 16,653 last year.

Excise.

93. The contract for the sale of the country liquor was given to distillers for Rs 2,612/ during the current year.

Mint.

94. Akheshahi Coins to the value of Rs 2,751/6/- were minted during the year.

Post Office.

95. There is one Government Post Office situated at the Capital.

CHAPTER V.

Revenue and
finance.

96. The receipts and disbursements of the State were both in Akheshahi and Kaldar. The average rate of exchange between the two currencies was, for the year under report, Rs 160/ equal to Rs 100/ Kaldar and the financial statement (Appendix XXII) has been worked out accordingly.

Ordinary Receipts.

97. The ordinary receipts during the year amounted to Rs 3,59,400 against Rs 3,48,078 last year. The increase of Rs 11,322 was due to rise under the heads Customs and Land Revenue which accounted for Rs 11,753 Rs 6,257 respectively.

Ordinary Ex-
penditure.

98. The ordinary expenditure amounted to Rs. 2,37,543 against Rs. 2,48,804 last year. The decrease is mainly attributable to the fall under the heads Zenana Serdars, Ornaments and miscellaneous which accounted for Rs. 4,997, Rs. 5,250, Rs. 5,278, respectively.

99. The ordinary receipts thus fell short of ordinary expenditure by Rs. 1,21,857.

Extra-ordinary
Income.

100. The extraordinary income of the State was Rs. 49,817 against Rs. 44,069 last year. The increase is mainly due to rise under the heads Minting operations and Recovery of advance.

Extra-ordinary
Expenditure.

101. The extraordinary expenditure was Rs. 67,184 against Rs. 76,694 in the previous year. The decrease of Rs. 9,510 was mainly due to the less expenditure under the head Library and Old Deposit

Total of Ordinary
and Extraordinary.
Receipts and
Expenditure.

102. The total of ordinary and extraordinary Receipts was Rs. 4,09,217 against Rs. 3,92,147 and that of expenditure was Rs. 3,04,727 against Rs. 3,25,498 last year or in other words the total of Receipts was

greater than that of expenditure by Rs. 1,04,490. The closing balance was thus, taking into view the average rate of exchange between the two currencies (Kaldar and Akheshahi) raised from Rs. 10,40,540 to Rs 11,45,972.

103. As the State has to incur, at times, expenses which could not be foreseen or provided for in the budget, it is essential to maintain, as far as possible, a decent balance in hand.

CHAPTER IV

104. There is one Hospital and Dispensary in the State and it is situated at the Capital.

105. The total number of Patients who sought medical relief during the course of the year was 10,776 against 10,330 in the preceding year. Patients treated.

106. The figures are compared below:—

Year 1933-34.			Year 1932-33		
Out-door.	In-door.	Total	Out-door	In-door.	Total.
10,744	32	10,776	10,308	22	10,330

107. The total expenditure in connection with the Institution including Vaccination was Rs. 9,238 against Rs. 6,554 last year. Expenditure.

108. Registration of Births and Deaths in the town is accurate as there is a separate establishment for the purpose and the work is supervised by the Foreign Department. In the districts, however, where the villages are few and far between, it is difficult to attain the same degree of efficiency.

109. The number of births registered during the year was 899 and deaths 927. Similar figures for the last year were 984 and 990 respectively.

CHAPTER VII

110. The State maintains a Public School. There are also Primary Schools at Bap and Ramgarh to which Grants-in-Aid are given by the State. Besides there are two other private Schools at the Capital. Schools.

111. The total number of boys on the rolls of the above Institutions was 258 against 306 last year.

112. The annual examination of the State School was held in March, 1934 and the following days. Out of 105 students on roll, 83 Result of Examination.

appeared and 72 came out successful and were promoted to higher standards.

113. Maharaj Kumar Sri Girdhar Singhji Saheb Bahadur received training in the Mehkma Khas for administration and judicial work and inspected several Hakumats' work.

Walterkrit Rajput
Hitkarini Sabha.

114. 5 marriages were reported during the year, 4 among Rajputs and 1 among Charans, with no infringement of the Sabha Rules.

115. The number of funerals was 4 and there was no case of breach of rules.

116. Rewards are offered by the Darbar for the destruction of mad dogs, wolves, Snakes and piwanas (a species of snake whose breath is said to be poisonous). Rs 5 Kaldar and Rs. 4 Akheshahi were spent on this account.

N. K. Mehta.
Ag. Dewan, Jaisalmer State.

APPENDICES.

APPENDIX 1.

Name of High Officials in the Jaisalmer State showing changes in the personnel during the year 1933—34.

Serial No.	Name of officers.	Appointment.	PERIOD.		REMARKS.
			From.	To.	
1	A. C. Lothian Esqr. C.I.E., I.C.S.	Resident in Jaipur and Western States of Rajputana.	1. 11. 1933.	2. 4. 1934.	
2	Major L. E. Barton I.A.	Resident in Jaipur and Western States of Rajputana.	3. 4. 1934.	12. 8. 1934.	
3	I.A. Col. H. M. Wightwick I.A.	Resident, Western Rajputana States.	13. 8. 1934.	31. 10. 1934.
